

Technical Data Sheet

BPC-157

Product Information

| | |
|----------------------|---|
| Alternate Names: | Body Protection Compound |
| Size: | 10.0mg |
| Format/Appearance: | Lyophilized, white/off-white powder |
| Sequence: | Gly-Glu-Pro-Pro-Pro-Gly-Lys-Pro-Ala-Asp-Asp-Ala-Gly-Leu-Val |
| Purity: | >98% |
| Recommended Diluent: | Bacteriostatic Water |

Description

BPC-157 is a peptide that was discovered and isolated from human gastric juice. Research has shown that it has the ability to accelerate the healing of injuries and wounds, including tendon-to-bone healing and damaged ligaments.

It has also been shown to promote healing and prevention of gastric ulcers, making it a powerful compound to aid those suffering from various gastrointestinal disorders, such as leaky gut, Irritable Bowel Syndrome (IBS) and Chron's Disease.

Research is also ongoing, investigating the potential use of BPC-157 in depressive disorders due to the brain-gut axis and anti-inflammatory benefits of the compound.

Indications and Benefit

- Soft tissue, tendon, and ligament repair
- Gut Health (IBS, Chron's Disease, leaky gut)
- Cognitive Function and Brain Health

Preparation and Storage

Prior to reconstitution, BPC-157 should be stored at -20C, protected from light. After reconstitution, store at 4C protected from light.
